

UID EX 7 – CAMPUS CONNECT UI DESIGN

AIM:

The aim is to design and compare different mobile application UI layouts with varying color themes and evaluate user feedback on visual appeal, usability, and readability using GIMP.

PROCEDURE:

Step 1: Create Design

- Use design tools like GIMP / Figma / Photoshop.
- Create a dashboard screen for the Campus Connect application.
- The screen should display opportunities, search bar, cards, and navigation menu.

Step 2: Base Layout Design

- Add header section with menu icon and profile icon.
- Add search bar for finding opportunities.
- Add title: “Latest Opportunities”.
- Add opportunity cards with:
 1. Job title
 2. Category
 3. Deadline
 4. Apply Now button
- Add bottom navigation bar:
 1. Home
 2. Saved
 3. Profile

Step 3: Create Colour Variants

1. Layout 1: Light Theme
2. Layout 2: Dark Theme
3. Layout 3: Pastel Blue Theme

Each layout uses the same structure but different color schemes for comparison.

Step 4: Export Designs

Export all three layouts as image files for comparison.

Save as:

1. Layout1.png
2. Layout2.png
3. Layout3.png

Step 5: Collecting User Feedback

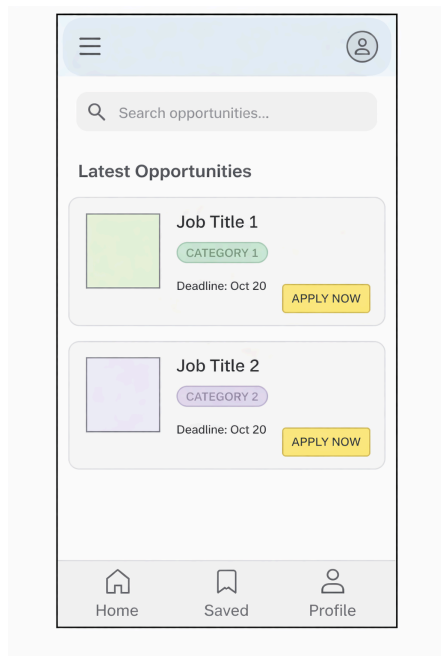

Google Form Link:

<https://forms.gle/sxuuHVgaTmMWeRKv6>

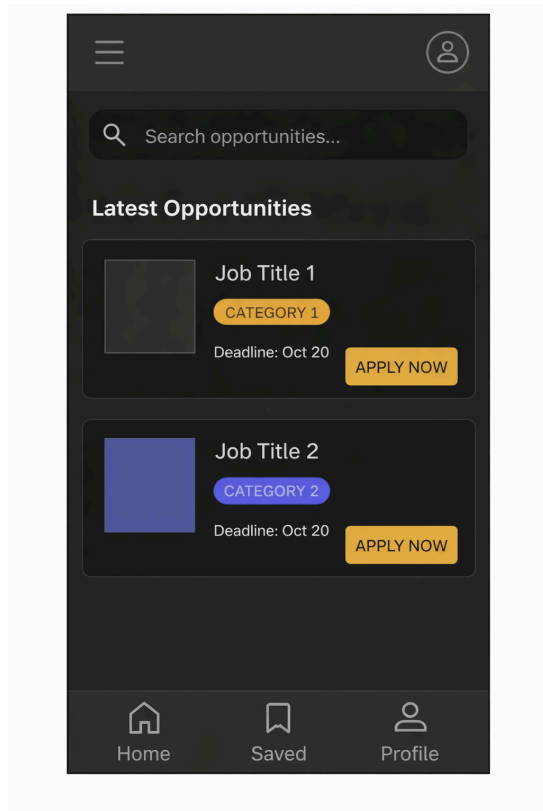

Users were asked to compare the three layouts based on:

- Visual appeal
- Readability
- Ease of use
- Overall preference

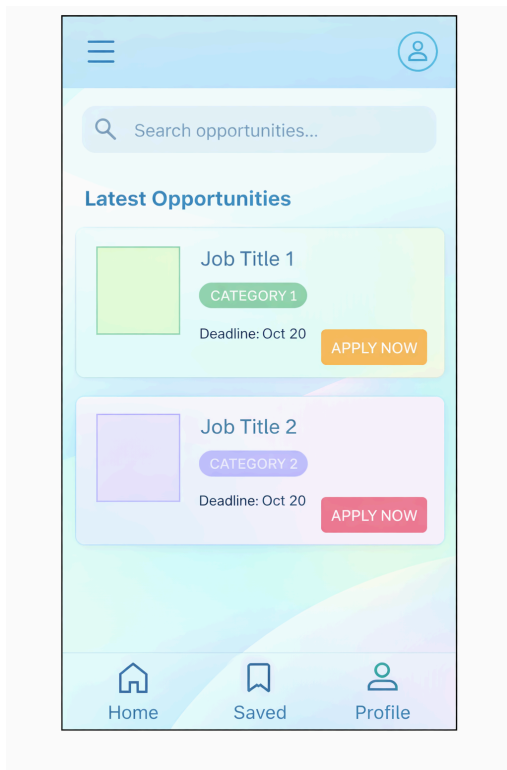

Layout 1 – Light Theme

Layout 2 – Dark Theme

Layout 3 – Pastel Blue Theme

USER FEEDBACK:

Layout 1 (Light Theme):

- Clean and simple design
- Easy readability and comfortable interface
- Suitable for daily usage

Layout 2 (Dark Theme):

- Modern and attractive appearance
- Premium look with strong contrast
- Slightly darker background affects readability for some users

Layout 3 (Pastel Blue Theme):

- Soft and visually pleasant design
- Fresh and modern appearance
- Best balance of colors and readability

FINAL RECOMMENDATION:

Preferred Layout:

Layout 3 (Pastel Blue Theme)

Reason:

It provides the best visual balance, user comfort, clarity, and overall user preference among all three layouts.

RESULT:

The Campus Connect UI layouts were successfully created and evaluated using different color schemes. Among all three variants, the pastel blue themed layout provided the best usability, readability, and visual appeal. This experiment helped in understanding how color selection and layout design influence user experience and interface satisfaction.
